Account Basics

Accessing Your Account

To login to LiquidFiles, please browse to <https://transfer.georgeandbell.com>, signing in with your email address and domain password (same password as your laptop login).

If logging in from a work laptop, press SSO Login, to sign-in automatically.

The image shows the LiquidFiles login interface. At the top, there is a logo consisting of a blue swirl around a yellow triangle, with the text "LiquidFiles" and "YOUR FILES IN YOUR CONTROL" below it. Below the logo is a login form with two input fields: "Email" and "Password". To the right of the "Password" field is a blue "Login" button. Below the input fields is a checkbox labeled "Remember me for two weeks". At the bottom of the form are two buttons: "Password Reset" and "SSO Login".
